# A GUIDE TO READING THE TABLES

## Definition of a Visitor Attraction

“An attraction whose primary purpose is sightseeing; a visitor attraction must be a permanently established excursion destination, a primary purpose of which is to allow access for entertainment, interest, or education and can include places of worship (but excludes small parish churches); rather than being primarily a retail outlet or a venue for sporting, theatrical, or film performances. It must be open to the public, without prior booking, for published periods each year, and should be capable of attracting day visitors or tourists as well as local residents. Also the attraction must be a single business, under a single management, so that it is capable of answering the economic questions on revenue, employment, etc.”

## Confidentiality

Visits figures are not published in the report if the tourist attraction operator/respondent indicated figures should remain confidential. However they are used in aggregate figures and other calculations.

## Admission

Where there is no admission charge, 'F' denotes free entry to the main element of the attraction. Such attractions may include elements with an admission charge, but the majority of visits to an attraction noted 'F' will be free of charge.

## Percentage Change

Percentage changes 2019/2018 are rounded to a maximum of two decimal points.

## Monthly visits

Monthly breakdown of visits are only used to show the distribution of visits/seasonality across the year. Attractions providing monthly breakdown may provide exact figures to part of their operation and exclude estimated figures to the total site. Hence sometimes these figures do not reflect total visits.

## Analysis Variables & Changes to Methodology

Variables used in this report to analyse 2019 data are the same as those used in the 2018 report. Further details are included in the Appendices.

# HIGHLIGHTS 2019

2019 proved to be a good year for many Scottish visitor attractions, with an increase in visits of 4% compared with 2018.

## Former VisitScotland Regions

The change in number of visits varied across Scotland, with attractions in Angus & City of Dundee experienced the greatest percentage increase in visits at 26% and Greater Glasgow & Clyde Valley experiencing the highest increase in terms of number of visits recorded compared to other Former VisitScotland Regions when comparing 2019 with 2018. Conversely visits to attractions in The Shetland Islands witnessed the greatest percentage reduction at -13% whilst Edinburgh & Lothian attractions experienced the greatest decrease in visits figures at -201,407.

## Attraction Category

When exploring visits to attraction categories, the Museums/Art Galleries category experienced the greatest percentage increase in visits at 15% comparing 2019 with 2018. Those attractions in the Transport-Related Attractions category experienced the greatest decreases at -10%.

## Admission

Once again Free admission attractions welcomed significantly more visits than Paid admission attractions in Scotland in 2019. Some 332 Free admission attractions welcomed over 44,688,034 visitors, over twice as many visits when comparing the visitor numbers to the 346 Paid admission attractions which welcomed 20,526,928 in 2019. Greater Glasgow & Clyde Valley boasted the highest percentage of free admission visitor attractions at 67% of all participating attractions. These free admission attractions witnessed 16.9 million visits in 2019. Those free admission attractions such as Outdoors/Nature attractions, Places of Worship/Spiritual attractions and Scottish Craft/Retail attractions, with over 100,000 annual visits, welcomed 60% of all visits to attractions in in 2019.

## Child and School Visitation

Greater Glasgow & Clyde Valley welcomed the highest percentage of children in 2019, whilst the Shetland Islands welcomed the highest proportion of adult visitors. Visits to Distilleries/Breweries/Wineries were made predominantly by adults (96.1%) with Outdoors/Nature attractions welcoming the largest percentage of child visits in 2019 at 46.9% of all visits. Overall, school visits made up 2.4% of all reported visits to Scottish visitor attractions in 2019. Greater Glasgow, Museums/Art Galleries, Large Urban attractions, and those attracting over 100,000 visits recorded the greatest number of visits from schools in 2019. Kingdom of Fife, attractions welcoming between 5,000 and 9,999 annual visits, Accessible Small Towns and Wildlife/Animal Attractions recorded the greatest proportion of school visits in 2019.

## Overseas and Domestic Visitation

Perthshire, Castles/Forts, Remote Rural areas and Islands-based Attractions welcomed the greatest proportion of Overseas visits in 2019. Visitors from England, Northern Ireland and Wales constituted the biggest group visiting attractions in Outer Hebrides, Industrial/Workplaces and Remote Small Towns. Kingdom of Fife, Outdoors/Nature attractions, Accessible Small Towns and attractions welcoming more than 100,000 visits per year received most of their visits from Locals.

## Average Visits Spends

Visits to Transport-Related attractions, attractions in Argyll, Loch Lomond & The Forth Valley (ALLFV), attractions welcoming over 100,000 visits, Inland and Large Urban Area Attractions generated the highest Average Admission Spend per visit within their category. Distillery/Breweries/ Wineries, attractions in the ALLFV region, attractions welcoming between 10,000 and 19,999 visits, Islands and Remote Small Towns attractions generated the highest Average Retail Spend per visit within their category. Distillery/Breweries/ Wineries, attractions in the Kingdom of Fife Area, attractions welcoming between 10,000 and 19,999 visits, those located on Islands and Remote Small Towns generated the highest Average Catering Spend per Visit within their category.

# METHODOLOGY

From 1998 until 2009, the Visitor Attraction Monitor (VAM) research was undertaken and published on behalf of VisitScotland by the Moffat Centre for Travel and Tourism Business Development, Glasgow Caledonian University. From May 2010 the Moffat Centre has undertaken this valuable research independently.

For the VAM 2019, survey questionnaires were distributed to 822 visitor attractions across Scotland. Some 735 responses were received, providing an overall response rate of 89.4% (see Table 1 below). Attractions included in the 2017 VAM are those where visits can be reasonably accurately recorded.

To increase completion rates, the questionnaire was distributed via the Visitor Attraction Online Portal, by electronic survey and via email in a staggered approach from September 2019 until December 2019 taking into account seasonal closure of attractions. A reminder questionnaire was issued at the end of January 2020 to all of those attraction operators who had not responded by the set deadline of 17th January 2020. Further reminders were undertaken by telephone and e-mail between February 2020 and March 2020, when books were closed.

This report provides valuable performance related information of visitor attractions in Scotland for the calendar year 2019.

Some 208 attraction operators asked for their data to be kept confidential. This request is respected and at no point are such attractions individually identified or their data identifiable in this report.

Operators who provided visits figures that achieved 'most visited in Scotland' status were asked to confirm the accuracy of the visits figures they submitted prior to publication.

Ownership of responding attractions is illustrated in the graph Below .

As suggested in the graph above, the attraction sector is dominated by the not-for-profit sector with Charitable Organisations (29%) and Local Authorities (19%) accounting for just under 50% of ownership.

# Comparative Analysis of Visits to Scottish Visitor Attractions 2019/2018

2019 2018

Some 678 attraction operators provided total visits figures for both years 2019 and 2018.

The following table compares visits performance in 2019 with 2018.

Visitor attractions in Scotland experienced an increase of 4.0% in visits when comparing 2019 with 2018.

2018

Orkney Islands recorded the most marked seasonal pattern, with half of all recorded visits occurring during the third quarter and low levels of visitation in the first and fourth quarters.

Greater Glasgow & Clyde Valley region saw high seasonal levels of visitors in the first quarters with Aberdeen & Grampian seeing high seasonal in the fourth quarter.

Historic Houses/Palaces recorded the most significant quarterly visitation pattern, with the majority of visits occurring in the second and third quarters whilst seeing low levels of visitation in the first and fourth quarters.

The Visitation Analysis identified that Castles/Forts, Heritage Centres, Other Historic Properties and Transport-Related attractions continued to see 40%+ of all recorded visits occurring during the third quarter of the year, a similar pattern to 2018.

# VISITS 2019

This section analyses visits using the data supplied by attractions that submitted completed questionnaires for 2019. Some 687 operators provided visits figures for 2019. The following tables compare visits performance between both Paid and Free Admission attractions.

## Highlights:

- Free Admission attractions welcomed over twice as many visits in 2019 as Paid Admission Attractions.
- Just over 67% of all participating Greater Glasgow & Clyde Valley attractions are free admission attractions.
- Greater Glasgow & Clyde Valley's free attractions welcomed the highest number of visits at over 16.9 million.
- Although attractions welcoming up to 4,999 annual visits constitute just under a quarter of the sample, they welcomed just over 0.5% of reported visits.
- Free Attractions with 100,000 + annual visits welcomed just under 60% of all reported visits to attractions in 2019.
- Castles/Forts, Distilleries/Breweries/Wineries, Historic Houses/Palaces, Other Historic Properties, Transport-Related and Wildlife/Animal Attractions, remain predominantly paid attractions while the reverse is true of Outdoors/Nature Attractions, Places of Worship/Spiritual Attractions and Scottish Craft/Retail Attractions.
- Free Attractions in Accessible Small Towns welcomed just over 83% of all visits with only 17% of visits to Paid Attractions in the equivalent areas.
- The sample size of the Inland Attractions Paid (213) and Free (208) Admission Attractions are very similar. However, Free Admission Inland Attractions welcomed over double the amount of visits, compared to Paid Admission Inland Attractions.

# VISITOR PROFILE INFORMATION 2019

## Highlights:

- Greater Glasgow welcomed the highest percentage of children in 2019, while the Shetland Islands welcomed the highest proportion of adult visitors.
- Visits to Distilleries/Breweries/Wineries were made predominantly by adults (96.1%), with Outdoors/Nature Attractions having the largest percentage of child visits in 2019 at 46.9%.
- Overall, school visits made up 2.4% of all reported visits to Scottish visitor attractions in 2019.
- Greater Glasgow, Museums/Art Galleries, Large Urban Attractions, and those attracting over 100,000 visits recorded the greatest number of visits from schools in 2019 this follows the trend seen in 2018.
- Kingdom of Fife, attractions welcoming between 5,000 & 9,999 annual visits, Accessible Small Towns and Wildlife/Animal Attractions recorded the greatest proportion of school visits in 2019.
- Perthshire, Castles/Forts, Remote Rural areas and Islands-based Attractions welcomed the greatest proportion of Overseas visits in 2019.
- Kingdom of Fife, Outdoors/Nature attractions, Accessible Small Towns and attractions welcoming more than 100,000 visits per year received most of their visits from Locals.
- Visitors from England, Northern Ireland and Wales constituted the biggest segment to attractions in Outer Hebrides, Industrial/Workplaces and Remote Small Towns Attractions.

# Range of Marketing Budgets 2019 – All Responding Attractions

Figure 19 Range of Marketing Budgets 2019 – All Responding Attractions

Just over 47% of attraction operators have a marketing budget of under £5,000; and just over a fifth of the operators have a marketing budget of between £10,000 and £24,999.

# RANGE OF MARKETING BUDGETS BY ADMISSION 2019

66 attraction operators provided us with their marketing budget for 2019; these are divided into budget ranges in the graph below.

Figure 20 Range of Marketing Budgets by Admission 2019

**Paid admission attractions** tend to have higher marketing budgets than **Free admission attractions**.

Figure 21 Range of Marketing Activities Undertaken in 2019

Note: Respondents could select more than one answer, hence total % > 100%

Figure 22 Most Effective Marketing Activities in 2019

Note: Respondents could select more than one answer, hence total % > 100%

Some 651 attraction operators indicated whether or not they had a website or a web page and/or social media presence in 2019.

Almost all responding attractions have a social media presence, with either their own social media site, or presence on a Local Authority, local area, umbrella organisation or VisitScotland Website.

Some 290 attraction operators indicated how often they updated their web and social media pages. The results are detailed in the graph below:

Figure 24 Web & Social Media Frequency of Updates 2019

Over a quarter of respondents update their web and social media pages on a daily basis, whilst over a quarter of the respondents update them monthly or less.

# HUMAN RESOURCES 2019

Figure 25 Employment in 2019 by Attraction Category

- Full Time Permanent
- Full Time Seasonal
- Part Time Permanent
- Part Time Seasonal
- Unpaid Volunteer

Table 6 Employment in Visitor Attractions for 2019

Sample	515
Full Time Permanent	3470
Full Time Seasonal	767
Part Time Permanent	1864
Part Time Seasonal	2269
<b>Total Paid Workforce</b>	<b>8370</b>
Unpaid Volunteer	8742
<b>Total Workforce</b>	<b>17112</b>

Employment in Visitor Attraction shows that Unpaid Volunteers represent just Over 50% of the workforce for 2019.

# Appendix 1 - Analysis Variables 2019

## Attraction Categories

The VisitScotland Visitor Attraction Monitor 2009 (VAM) and Barometer (VAB) utilised slightly different categories. We changed those in 2010 to enhance coherence and understanding of the data. The table below shows Former Categories and new Categories The later are now used throughout the report.

Former VAM Categories	New Categories
Castles/Forts	Castles/Forts
Places of Worship	Places of Worship/Spiritual Attractions
Distilleries/Vineyards/Breweries	Distilleries/Breweries/Wineries
Industrial/Craft Workplaces	Industrial/Workplaces
	Distilleries/Breweries/Wineries
	Scottish Crafts/Retail Attractions
Gardens	Gardens
Historic Houses/Palaces	Historic Houses/Palaces
Museums/Art Galleries	Museums/Art Galleries
Historic Monuments/Archaeological Sites	Other Historic Properties
Other Historic Properties	
Country/Forest Parks	Outdoors/Nature Attractions
Heritage/Visitor Centres	Outdoors/Nature Attractions
	Heritage Centres
	Scottish Crafts/Retail Attractions
Steam/Heritage Railways	Transport-Related Attractions
Safari Parks/Zoos/Aquaria/Aviaries/Farms	Wildlife/Animal Attractions
Nature Centres/Reserves/Wetlands/ Wildlife Trips	Wildlife/Animal Attractions
	Outdoors/Nature Attractions
	Activity Attractions
Other	Not applicable any longer – attractions distributed within new categories

- National Nature Reserves (NNRs) (previously included in Nature Reserve/Wetlands/Wildlife Trips)
- Wetlands (previously included in Nature Reserve/Wetlands/Wildlife Trips)
- Visitor Centres with Ranger Service, located within Country Park/NNRs, etc (previously included in Country/Forest Parks or Heritage/Visitor Centre)

### The category *Wildlife/Animal* includes:

- Safari Parks
- Zoos
- Aquarium
- Farms
- RSPB Reserves
- Wildlife Trips (previously included in Nature Reserve/Wetlands/Wildlife Trips)

### The new category *Transport-Related Attractions* includes:

- Steam/Heritage Railways
- Sightseeing Buses
- Boat Trips (not for wildlife sighting)
- Any other transport related attraction – eg Falkirk Wheel

### The category *Heritage Centres* now only includes *built/cultural heritage centres*:

- Country Park/NNR Visitor Centres are now included within the new category Outdoors/Nature Attractions
- Visitor Centres within workplaces are included within the Distilleries/Breweries/Wineries or the Industrial/Workplaces categories
- A new category has been created for Retail Visitor Centres, now included within Scottish Crafts/Retail Attractions
- Those Visitor Centres that have Museums Galleries Scotland accreditation are classified under Museums/Art Galleries
- Only those that are Heritage Visitor Centres – and are not a Heritage House/Castle/Other Historic Property/Museum Collection remain in this category

# Appendix 2 - Changes in Geographic Location Analysis

## Changes in Geographic Location Analysis

Up to 2010 attractions were analysed according to whether they were Urban/Rural/Seaside.

This classification was problematic as some attractions could be located in both a Seaside area and an Urban area for example (e.g attractions in Aberdeen)

Two new sets of variables were introduced in 2010 to improve analysis:

- **Geographic Location**, dividing attractions into three categories:
  - o Island based attractions
  - o Coastal attractions (located within approximately one mile of the coast)
  - o Inland attractions (encompassing the remainder of attractions).
  
- Location according to the Scottish Government's 2013-2014 *Urban Rural Classification*, dividing attractions into the six categories shown in the following table.

Category	Description
Large Urban Areas	Settlements of over 125,000 people.
Other Urban Areas	Settlements of 10,000 to 124,999 people.
Accessible Small Towns	Settlements of 3,000 and 9,999 people and within 30 minutes drive of a settlement of 10,000 or more.
Remote Small Towns	Settlements of 3,000 and 9,999 people and with a drive time of over 30 minutes to settlement of 10,000 or more.
Accessible Rural	Settlements of less than 3,000 people and within 30 minutes drive of a settlement of 10,000 or more.
Remote Rural	Settlements of less than 3,000 people and with a drive time of over 30 minutes to a settlement of 10,000 or more.
